A Welcome Addition to Entryways' Handmade Doormat Collection

We are proud to welcome the newest additions to the WILLIAMSBURG doormat collection by Entryways.

This collection takes a “Trend Meets Tradition” approach to design, with fresh colors and patterns inspired by the expansive archives of The Colonial Williamsburg Foundation.

Adapted from 18th-century motifs found on antique quilts, painted silks, Chinese porcelain, and the pages of botanical journals, our new additions will demand attention at any entryway with bold patterns and vibrant colors.

Each mat is made entirely by hand from 100% coir. These luxurious mats are oversized at 22” x 35”.
