A Welcome Addition to Entryways' Handmade Doormat Collection

We are proud to introduce the **WILLIAMSBURG** doormat collection by **Entryways**.

The new collection takes a “Trend Meets Tradition” approach to design, with fresh colors and patterns inspired by the expansive archives of The Colonial Williamsburg Foundation.

The doormats were inspired by five 18th-century motifs, including the pineapple, a traditional symbol of hospitality, and artwork such as George Ehret’s 1737 floral watercolor painting.

Each mat is made entirely by hand from 100% coir. These luxurious mats are oversized at 22” x 35”.
